Compte, from 18 to 19 yards, and Peck from 17 to 18 yards. Great interest centered in the first round for the English Hotel cup, emblematic of the amateur championship of five States. The fourth, eighth and twelfth events, making a total of fifty targets, were for the cup. C. O. Le Compte, of Eminence, Ky., present holder of the Grand Hotel cup, which is shot for at tournaments at the Limited Gun Club, in this city, killed his fifty targets in the cup round, and has a lead of one over his nearest competitor. George Roll, of Chicago, killed forty-nine out of the fifty; C. H. Peck, of Remington, Ind., scored forty-eight, and E. Voris, of Crawfordsville, scored forty-seven. While Le Compte is in the lead with a straight score, it is still anybody's race, as Le Compte might have a bad day in the second round of fifty events to-day while some one else might make an exceptional record and finish the 100 targets later. with the high score.

There is an air of confidence in the Training School football camp that cannot be mistaken and with Orme at the head of affairs, each man works as if he were there

The new coach appeared in his uniform yesterday afternoon. At the beginning of practice he gave a short talk to the team, and said, first, that he was there for business and expected every man to do his part; second, that no swearing or rough talk to procure shower baths if possible. Another important provision was that no favoritism would be shown, that no man

demonstrated his ability. After the usual preliminary work Coach Orme and Captain Saunderson picked out two teams which lined up as follows: First Team. Second Team.

The contest assumed the features of a real game, as the gains were closely estimated and the ball changed hands several times

West, Fortune and Cullen played an exceptional game. West repeatedly broke through the scrub team for a run equivalent to a touch-down, breaking interference easily. He was also worked unusually hard by Coach Orme, but through it all he showed his staying ability. Cullen is making a fine back and never failed to advance the ball, aided by Fortune's line-bucking. King, although a small player, shows that he fully understands the game. On the second team Frenzel and Sweeny showed up to advantage.

In order to get the men in good condition, Orme divided them into pairs for wrestling matches. Scattered all over the field were the "bunches" of men pulling and tugging at each other. After this all the men took hold of a clothes-line and in that position ran around the field. The practice ended with the usual fiftyyard dash. In this Orme displayed great sprinting ability for one so large, as the race was about an even break between the coach and Quinn, the M. T. H. S. star. Orme was very enthusiastic over the team's prospects, and was well pleased with the

COHEN IS MUM.

He Is Not Ready to Announce Names of Indianapolis Polo Team.

The local polo magnates are confident that the game will enjoy one of the greatest booms in the history of the sport this winter. Some of the fastest men in the game remained in the East last year, but now, that the Eastern League is defunct, all the stars will be seen in the West and how the game should be played. Managers are offering the players fabulous prices to sign, and many of them have already signed, but while only two flames of the local team have been announced Secretary Cohen it is safe to say that the players wearing the "I" will be the best that money can secure. The new rink now in process of erection on the site of the old Virginia-avenue rink will be one of the finest in the West, and no expense will be spared by the Indian-apolis Roller Polo Association which will

in any way benefit the patrons of the game. High School Polo League.

Special to the Indianapolis Journal. RICHMOND, Ind., Sept. 22.-There is a movement on foot to organize a polo league composed of the high schools of Richmond. Muncie, Anderson, Elwood, Indianapolis series but for Chicago's only error, made in the ninth. Three successive doubles and the local high school.
